

IHS

The Name of Jesus

Saint Bernardine had a special devotion or respect for the Holy Name of Jesus. He often carried around a board on which were written the Latin word for Jesus – IHS. He did this so that people would learn to have respect for the name of Jesus. The word IHS was often decorated with a blazing sun around it and a cross coming down through the middle.

In the circle below, design and colour your own IHS symbol.
