

**Scope and Sequence  
Year 2**

**Achievement Standard** By the end of Year 2, students identify aspects of God's nature as revealed in the Bible. They discuss ideas about God's relationship with the Jewish people as described in some Old Testament stories. They analyse teachings and actions of Jesus depicted in New Testament texts that reveal aspects of God's nature. Students make connections between Jesus' teachings and actions and the way members of the Church community live today. They pose questions about the life and times of Jesus and use sources provided to answer these questions. They make connections between Jesus' healing ministry and the Church community's celebration of the Sacrament of Penance. Students recognise the sacredness of God and all creation including human life. They identify ways in which humans respond to the call to be co-creators and stewards of God's creation. Drawing on their own experiences, they suggest ways to pursue peace and justice out of respect for human life and all creation. Students recognise ways in which believers nurture their relationship with God, with others and with all of creation. They recognise choices that harm an individual and their loving relationships with God, others and all creation. They explain ways in which believers seek to heal these relationships through reconciliation. They recognise that prayer and the wisdom of the saints help the believer to nurture their relationship with God, others and all creation. They participate with respect in a variety of personal and communal prayer experiences especially prayers for forgiveness including acts of contrition and Penitential Act. They participate with respect in a variety of meditative prayer practices including centred breathing and attending to posture.

Learning Cycle / Inquiry Question	1	2	3	4	5	6	7	8	9	10	11	12
Deep Learning	Recognise ways in which believers nurture their relationship with God, with others and with all of creation	Recognise the sacredness of God and all creation, including human life.		Make connections between Jesus' teachings and actions and the ways members of the Church community live today	Recognise ways in which believers nurture their relationship with God, with others and with all of creation.			Identify some aspects of God's nature as revealed in the Bible.		Make connections between Jesus' teachings and actions and the ways members of the Church community live today	Recognise ways in which believers nurture their relationship with God, with others and with all of creation	Identify some aspects of God's nature
Surface Learning	Recognise choices that harm an individual and their loving relationship with God, others and all of creation.	Identify ways in which human respond to the call to be co-creators and stewards of God's creation	Suggest ways to pursue peace and justice out of respect for human life and creation.	Pose questions about the life and times of Jesus and use sources provided to answer these questions.	Participate with respect in a variety of practices including centred breathing and attending to posture	Explain ways in which believers seek to heal relationships through reconciliation.	Participate with respect in a variety of personal and communal prayer experiences, especially prayers of forgiveness including acts of contrition and Penitential Act.	Discuss ideas about God's relationship with the Jewish people as described in OT stories.	Analyse teachings and actions of Jesus depicted in the NT texts that reveal aspects of God's nature	Make connections between Jesus' healing ministry and the church community's celebrations sacrament of Penance	Recognise that prayer and the wisdom of saints help the believer to nurture their relationship with God, with others and with all creation	Advent Analyse teachings and actions of Jesus depicted in the NT texts that reveal aspects of God's nature
