

# Strategic Plan 2017

## Strong Catholic identity

## Learning and teaching

## Building a sustainable future

### Goal

By the end of 2017, our school community will demonstrate our Franciscan Charism both visually and through our actions.

### Goal

By the end of 2017, staff, students and parents will have a deeper knowledge of our contemporary Catholic perspective through the delivery of the Religious Education programme.

### Goal

By the end of 2017, the development of a greater culture of collaboration to enhance student learning growth, will be evident across the staff, students and parents.

### Goal

By the end of 2017, the staff will identify and implement whole school practices to improve student writing outcomes.

### Goal

By the end of 2017, staff and students are using available contemporary learning spaces and technology to enhance their learning.

### Goal

By the end of 2017, a range of sustainable practices aligned to our Franciscan charism are being actioned daily.

### Actions

Professional development of staff to develop an understanding how symbols, music and art contribute to the school's Franciscan Charism and identity.

### Actions

### Actions

### Actions

Consistent practices and language of learning across whole school.

### Actions

### Actions

Refine school practices for reducing energy consumption and effective waste management strategies.

## Focusing Direction

## Cultivating Collaborative Cultures

## Securing Accountability

## Deepening Learning
